

Education Meeting, The Teacher Building, Glasgow.

Thursday 26th and Friday 27th November 2015

Primarily aimed at Trainees and Advanced Critical Care Practitioners in Intensive Care Medicine but also of interest to doctors, nurses and allied health professionals of all grades and in all acute specialties.

A mixture of lectures and small group teaching delivered by local and national experts.

Topics will include:

- Massive Transfusion
- Post Resuscitation Care
- Organ Donation
- Obstetric Critical Care
- Extracorporeal Respiratory Support
- Major Trauma
- Psychological Problems following Critical Care
- Tracheostomy Safety

Programme and application forms can be downloaded from:
